

Pulling Together

DISCOVER THE DISCOVERY PASSAGE PASSAGE

Saturday - September 3rd, 2011

The fifth Annual row and paddle from Campbell River to Quadra Island and return. This is a free and non competitive event for all ages. For thousands of years people have traversed the Discovery Passage in human powered boats. Today The Discovery Passage Passage Event is more than a small boat event for it brings together people from many different communities.

The cold, swift tidal waters of Discovery Passage are as challenging today as they were a millennium ago, yet people continue to cross with safety by observing and respecting the nature of her tides and currents.

The date (Sept. 3rd) has been carefully chosen with consideration for the tides.

This year we have received a kind invitation from the Cape Mudge First Nations people to visit their village. The Discovery Passage Passage is an opportunity to make new friends.

Consider exchanging paddlers, crews or boats at the half way point.

Whether you're paddling solo or as member of a team please remember it's not a race.

**THE EVENT IS NOT A FUND-RAISER.
IT IS A FUN RAISER.**
